The undersigned (Name) Government certifies (Name) certify

I. That the above-mentioned ship has been duly surveyed in accordance with the provisions of the Convention referred to above.

II. That the survey showed that the ship complied with the requirements of the Regulations annexed to the said Convention as regards:

1. the structure, main and auxiliary boilers and other pressure vessels and machinery;

2. the watertight subdivision arrangements and details;

3. the following subdivision loadlines:

Subdivision loadlines assigned and marked on the ship's side at amidships (Regulation 11 of Chapter II-1) | Freeboard | To apply when the spaces in which passengers are carried include the following alternative spaces |

III. That the life-saving appliances provide for a total number of persons and no more, viz:–

... lifeboats (including motor lifeboats) capable of accommodating persons, and ... motor lifeboats fitted with radiotelegraph installation and searchlight (included in the total lifeboats shown above) and ... motor lifeboats fitted with searchlight only (also included in the total lifeboats shown above), requiring ... certificated lifeboatmen;

... liferafts, for which approved launching devices are required, capable of accommodating persons; and

... liferafts, for which approved launching devices are not required, capable of accommodating persons;

... buoyant apparatus capable of supporting persons;

... lifebuoys;

... lifejackets.

IV. That the lifeboats and liferafts were equipped in accordance with the provisions of the Regulations.

V. That the ship was provided with a line-throwing appliance and portable radio apparatus for survival craft in accordance with the provisions of the Regulations.

VI. That the ship complied with the requirements of the Regulations as regards radiotelegraph installations, viz.: 

<table>

</tr>
</tbody>
</table>

VII. That the functioning of the radiotelegraph installations for motor lifeboats and/or the portable radio apparatus for survival craft, if provided, complied with the provisions of the Regulations.
VIII. That the ship complied with the requirements of the Regulations as regards fire-detecting and fire-extinguishing appliances, radar, echo-sounding device and gyro-compass and was provided with navigation lights and shapes, pilot ladder, and means of making sound signals, and distress signals in accordance with the provisions of the Regulations and also the International Regulations for Preventing Collisions at Sea in force.

IX. That in all other respects the ship complied with the requirements of the Regulations, so far as these requirements apply thereto.

This certificate is issued under the authority of the Government. It will remain in force until

Issued at the day of 19

Here follows the seal or signature of the authority entitled to issue the certificate.

(Seal)

If signed, the following paragraph is to be added:

The undersigned declares that he is duly authorized by the said Government to issue this Certificate.

(Signature)

NOTE - It will be sufficient to indicate the year in which the keel was laid or when the ship was at a similar stage of construction except for 1952, 1965 and the year of the coming into force of the International Convention for the Safety of Life at Sea, 1974, in which cases the actual date should be given.

In the case of a ship which is converted as provided in Regulation 1(b)(i) of Chapter II-1 or Regulation 1(c)(i) of Chapter II-2 of the Convention, the date on which the work of conversion was begun should be given.
Form of Safety Construction Certificate for Cargo Ships

The undersigned

I, the undersigned

(Name) Government certifies

(Name) certify

I. That the above-mentioned ship has been duly inspected in accordance with the provisions of the Convention referred to above.

II. That the inspection showed that the life-saving appliances provided for a total number of ...........persons and no more viz.:

...........lifeboats on port side capable of accommodating ...........persons;
...........lifeboats on starboard side capable of accommodating ...........persons;
...........motor lifeboats (included in the total lifeboats shown above), including ...........motor lifeboats fitted with radiotelegraph installation and searchlight, and ...........motor lifeboats fitted with searchlight only;
...........liferafts, for which approved launching devices are required, capable of accommodating ...........persons; and
...........liferafts, for which approved launching devices are not required, capable of accommodating ...........persons;
...........lifebuoys;
...........lifejackets.
III. That the lifeboats and lifecrafts were equipped in accordance with the provisions of the Regulations annexed to the Convention.

IV. That the ship was provided with a line-throwing apparatus and portable radio apparatus for survival craft in accordance with the provisions of the Regulations.

V. That the inspection showed that the ship complied with the requirements of the said Convention as regards fire-extinguishing appliances and fire control plans, echo-sounding device and gyro-compass and was provided with navigation lights and shapes, pilot ladder, and means of making sound signals and distress signals, in accordance with the provisions of the Regulations and the International Regulations for Preventing Collisions at Sea in force.

VI. That in all other respects the ship complied with the requirements of the Regulations so far as those requirements apply thereto.

This certificate is issued under the authority of the Government. It will remain in force until

Issued at the day of 19

Here follows the seal or signature of the authority entitled to issue the certificate.

(Seal)

If signed, the following paragraph is to be added:

The undersigned declares that he is duly authorized by the said Government to issue this certificate.

(Signature)

NOTE - It will be sufficient to indicate the year in which the keel was laid or when the ship was at a similar stage of construction except for 1952, 1965 and the year of the coming into force of the International Convention for the Safety of Life at Sea, 1974, in which cases the actual date should be given.
