ASSEMBLY - 4th session  
Agenda item 30

BROADCASTS FROM STATIONS OUTSIDE TERRITORIAL WATERS

RESOLUTION A.107(IV)  
adopted on 28 September 1965

THE ASSEMBLY,

BEARING IN MIND the provisions of Chapter V of the  
International Convention for the Safety of Life at Sea, 1960,

CONSIDERING

- (a) that the operations of broadcasting stations on  
board ships outside territorial waters are increasing;
- (b) that such operations are in conflict with the  
provisions of the Radio Regulations annexed to the  
International Telecommunication Convention, 1959,  
and may adversely affect radio communications  
contributing to the safety of life at sea;
- (c) that an Agreement for the Prevention of Broadcasts  
transmitted from stations outside Territorial Waters  
was signed, subject to ratification, by a number of  
governments at Strasbourg in January 1965,

REQUESTS the Secretary-General to investigate the question  
of broadcasts from stations outside territorial waters, in  
conjunction with the International Telecommunication Union and  
other organizations concerned, and to report to the Assembly  
through the Maritime Safety Committee.
