feasibility of including discussion of a proposed TCM Convention on the Agenda of the Conference, in view of the need to ensure that the interests of developing countries are fully safeguarded,

CONSIDERING the Resolution adopted by the Committee on Shipping of UNCTAD proposing that a study of the economic implications of the proposed TCM Convention be undertaken and the reservations expressed there and in other fora by some Governments as to the appropriateness of the timing of the consideration by the Conference on International Container Traffic of the proposed TCM Convention,
