

IMO WORLD MARITIME DAY THEME 2026-2027

FROM POLICY TO PRACTICE

POWERING MARITIME EXCELLENCE

IMO POLICY IN ACTION

Port security personnel practice preparing, conducting and assessing security drills.

Officials in Comoros improve skills to boost port security in the Eastern and Southern Africa and the Indian Ocean region.

The ISPS Code, under SOLAS, requires ships and ports to assess and manage security risks, enabling them to respond to threats and protect global shipping.

MARITIME SECURITY

IMO improves the security of ships, ports and seafarers by supporting countries to apply maritime security regulations.
