MSC-MEPC.6/Circ.21
31 January 2023

NATIONAL CONTACT POINTS FOR SAFETY AND POLLUTION PREVENTION AND RESPONSE

- 1 This circular replaces all previously issued circulars under this title.
- 2 The annex to this circular includes the "List of national operational contact points responsible for the receipt, transmission and processing of urgent reports on incidents involving harmful substances including oil from ships to coastal States".
- 3 The information, included in annex 1 of previous versions of this circular (prior to MSC-MEPC.6/Circ.15), may be accessed through GISIS at <https://gisis.imo.org/Public/CP/Browse.aspx?List=SICI>. This includes contact point information for:
 - .1 national inspection services – head offices (originally MSC/Circ.630);
 - .2 national inspection services – local offices (originally MSC/Circ.630);
 - .3 inspection services acting as representatives of flag States for port State control matters and responsible authorities in charge of casualty investigation (originally MSC/Circ.542); and
 - .4 Secretariats of Memorandums of Understanding on Port State Control.
- 4 Member Governments are requested to:
 - .1 provide information on any changes or additions to the lists of contact points by directly updating the relevant information in the Contact Points module of GISIS;
 - .2 provide addresses, telephone and fax numbers, and electronic mail addresses of inspection services acting as representatives of flag States in case of port States interventions; and
 - .3 notwithstanding the provisions of the 1974 SOLAS Convention, as amended, with regard to communication of an intervention, port State authorities are requested, in order to expedite communications, to additionally convey information, related to port State control interventions, to those flag State inspection services (Head Offices) or to the inspection services acting as representatives of flag States, when available.

5 The list described in paragraph 2 is issued as the annex to the MSC-MEPC.6 circular posted annually on IMODOCS. However, the most up-to-date version of the list can be downloaded from the Contact Points module of the GISIS website at <https://gisis.imo.org/Public/CP/Browse.aspx?List=URHS>. The entire circular, including its annex, as well as a stand-alone PDF version of the annex, are also available on the IMO website at <http://www.imo.org> and can be accessed through either the "National Contacts" or "Circulars" links on the bottom of the IMO homepage.

6 For ship inspection purposes, the only official version of the List of national operational contact points responsible for the receipt, transmission and processing of urgent reports on incidents involving harmful substances including oil from ships to coastal States – Annex is the updated version, which is issued electronically on a quarterly basis. The quarterly date for this official version is specified at the top of each page of the above list. Effective January 2018, the quarterly dates for the official version of the updated list will be as follows 31 January, 30 April, 31 July and 31 October. It will be available on the IMO website and can be downloaded as stated in paragraph 5. In this connection, the next circular under this title (MSC-MEPC.6/Circ.22) will be issued on 31 January 2024.

7 Queries on the management of the data contained in the above-mentioned lists of national contact points should be addressed to:

ANNEX

LIST OF NATIONAL OPERATIONAL CONTACT POINTS RESPONSIBLE FOR THE RECEIPT, TRANSMISSION AND PROCESSING OF URGENT REPORTS ON INCIDENTS INVOLVING HARMFUL SUBSTANCES INCLUDING OIL FROM SHIPS TO COASTAL STATES

1 The following information is provided to enable compliance with regulation 37 of MARPOL Annex I which, inter alia, requires that the Shipboard Oil Pollution Emergency Plan (SOPEP) shall contain a list of authorities or persons to be contacted in the event of a pollution incident involving such substances. Requirements for oil pollution emergency plans and relevant oil pollution reporting procedures are contained in articles 3 and 4 of the 1990 OPRC Convention.

2 This information is also provided to enable compliance with regulation 17 of MARPOL Annex II which, inter alia, requires that the shipboard marine pollution emergency plans for oil and/or noxious liquid substances shall contain a list of authorities or persons to be contacted in the event of a pollution incident involving such substances. In this context, requirements for emergency plans and reporting for hazardous and noxious substances are also contained in article 3 of the 2000 OPRC-HNS Protocol.

3 Resolution MEPC.54(32), as amended by resolution MEPC.86(44), on the SOPEP Guidelines, and resolution MEPC.85(44), as amended by resolution MEPC.137(53), on the Guidelines for the development of Shipboard Marine Pollution Emergency Plans for Oil and/or Noxious Liquid Substances, adopted by IMO, require that these shipboard pollution emergency plans should include, as an appendix, the list of agencies or officials of administrations responsible for receiving and processing reports. Such a list is developed and updated by the Organization in compliance with article 8 (Reports on incidents involving harmful substances) and Protocol I (Provisions concerning Reports on incidents involving harmful substances) of the MARPOL Convention. Under article 8 of the MARPOL Convention, each Party to the Convention shall notify the Organization with complete details of authorities responsible for receiving and processing reports on incidents for circulation to other Parties and Member States of the Organization. Attention is also drawn to both Guidelines which stipulate that "in the absence of a listed focal point, or should any undue delay be experienced in contacting the responsible authority by direct means, the master should be advised to contact the nearest coastal radio station, designated ship movement reporting station or rescue coordination centre (RCC) by the quickest available means".

4 The "List of national operational contact points responsible for the receipt, transmission and processing of urgent reports on incidents involving harmful substances including oil from ships to coastal States" contained in the circular is updated at the end of each calendar year. This list is an update of that contained in MSC-MEPC.6/Circ.20, dated 31 January 2022, as amended.

5 The above mentioned "List" is available on the Internet and can be accessed at <https://www.imo.org/en/OurWork/Circulars/Pages/CP.aspx?refresh=1> (or select the **National Contacts** link on the bottom of the IMO homepage). This Internet version is updated on a quarterly basis and includes **a summary indicating which country has submitted changes to its information, since the previous update.**

6 On receipt of this latest version and in order to maintain an accurate list, it is necessary that Member States check their respective information to ensure that it is correct. Effective 29 February 2008, Member States are requested to directly update their respective information in the Global Integrated Shipping Information Systems (GISIS) using the reporting facilities of the Contact Points module.
