MEPC.1/Circ.897
13 December 2021

**CROSS-REFERENCE TABLES FOR AMENDMENTS TO MARPOL ANNEX VI
(2021 REVISED MARPOL ANNEX VI)**

1 The Marine Environment Protection Committee, at its seventy-sixth session (10 to 17 June 2021), considered the draft amendments to MARPOL Annex VI concerning mandatory goal-based technical and operational measures to reduce carbon intensity of international shipping and exemption of unmanned non-self-propelled (UNSP) barges from certain survey and certification requirements, which were circulated in Circular Letter No.4350 (annex 3) on 20 December 2020, in accordance with article 16(2)(a) of MARPOL.

2 Following consideration of the draft amendments, MEPC 76 adopted resolution MEPC.328(76) on the Amendments to MARPOL Annex VI (2021 Revised MARPOL Annex VI).

3 In view of the significant renumbering of regulations and paragraphs in the 2021 Revised MARPOL Annex VI, the Marine Environment Protection Committee, at its seventy-seventh session (22 to 26 November 2021), approved the attached circular, which provides, for ease of reference by all users, cross-referencing tables between the 2021 Revised MARPOL Annex VI and the previous MARPOL Annex VI*.

4 Tables "A" and "B" provide the correlation between the paragraph numbers in regulation 2 (Definitions) of the previous version of MARPOL Annex VI and their corresponding paragraph numbers under the 2021 Revised MARPOL Annex VI, while table "C" illustrates the correlation between both versions of regulation numbers in chapters 4 and 5.

5 Member Governments are invited to disseminate this circular to their maritime Administration officials, industry and interested organizations with the aim of facilitating the smooth implementation of the 2021 Revised MARPOL Annex VI.

* This circular is to be applied from 1 November 2022 when the 2021 Revised MARPOL Annex VI enters into force and "previous MARPOL Annex VI" refers to MARPOL Annex VI which was in force before that date.
