## Drivers for Environmental Performance

## REGULATIONS

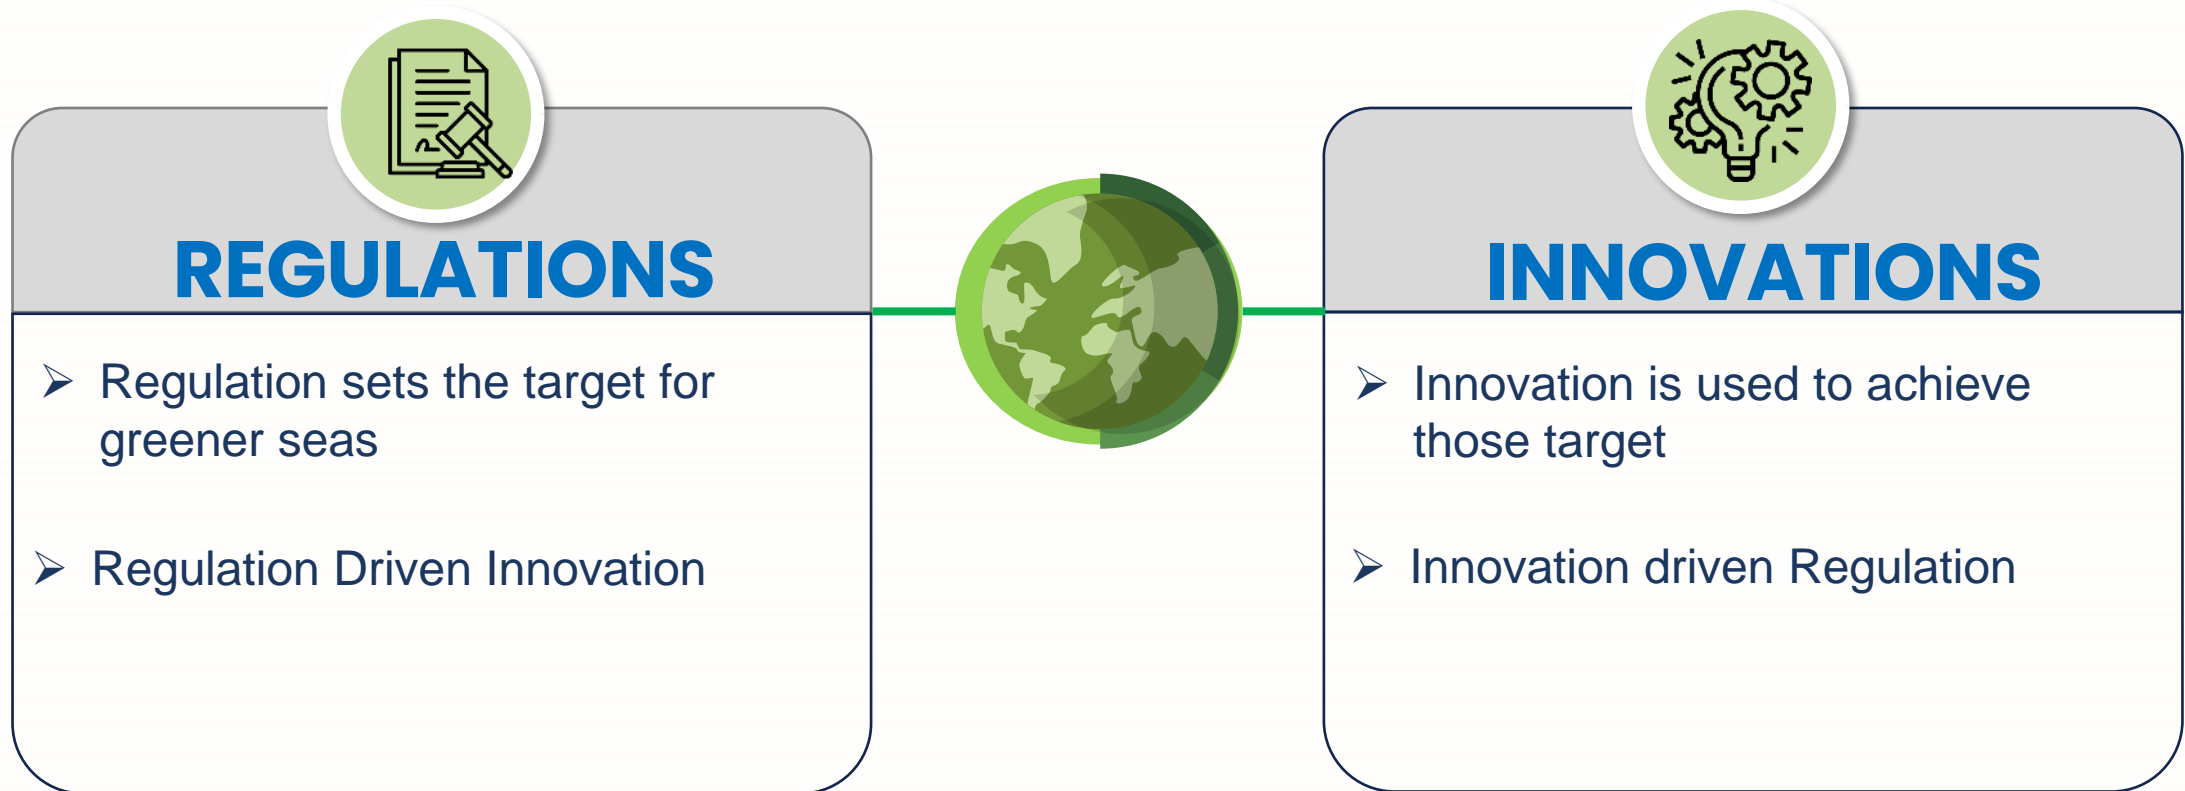

Regulation propels a new technological innovation

- Easier process to develop solution
- Robust compliance
- Unavailability of solutions
- Delays in adoption of regulations

E.g. Ballast Water Management Convention

## KEY DRIVERS FOR ENVIRONMENTAL PERFORMANCE

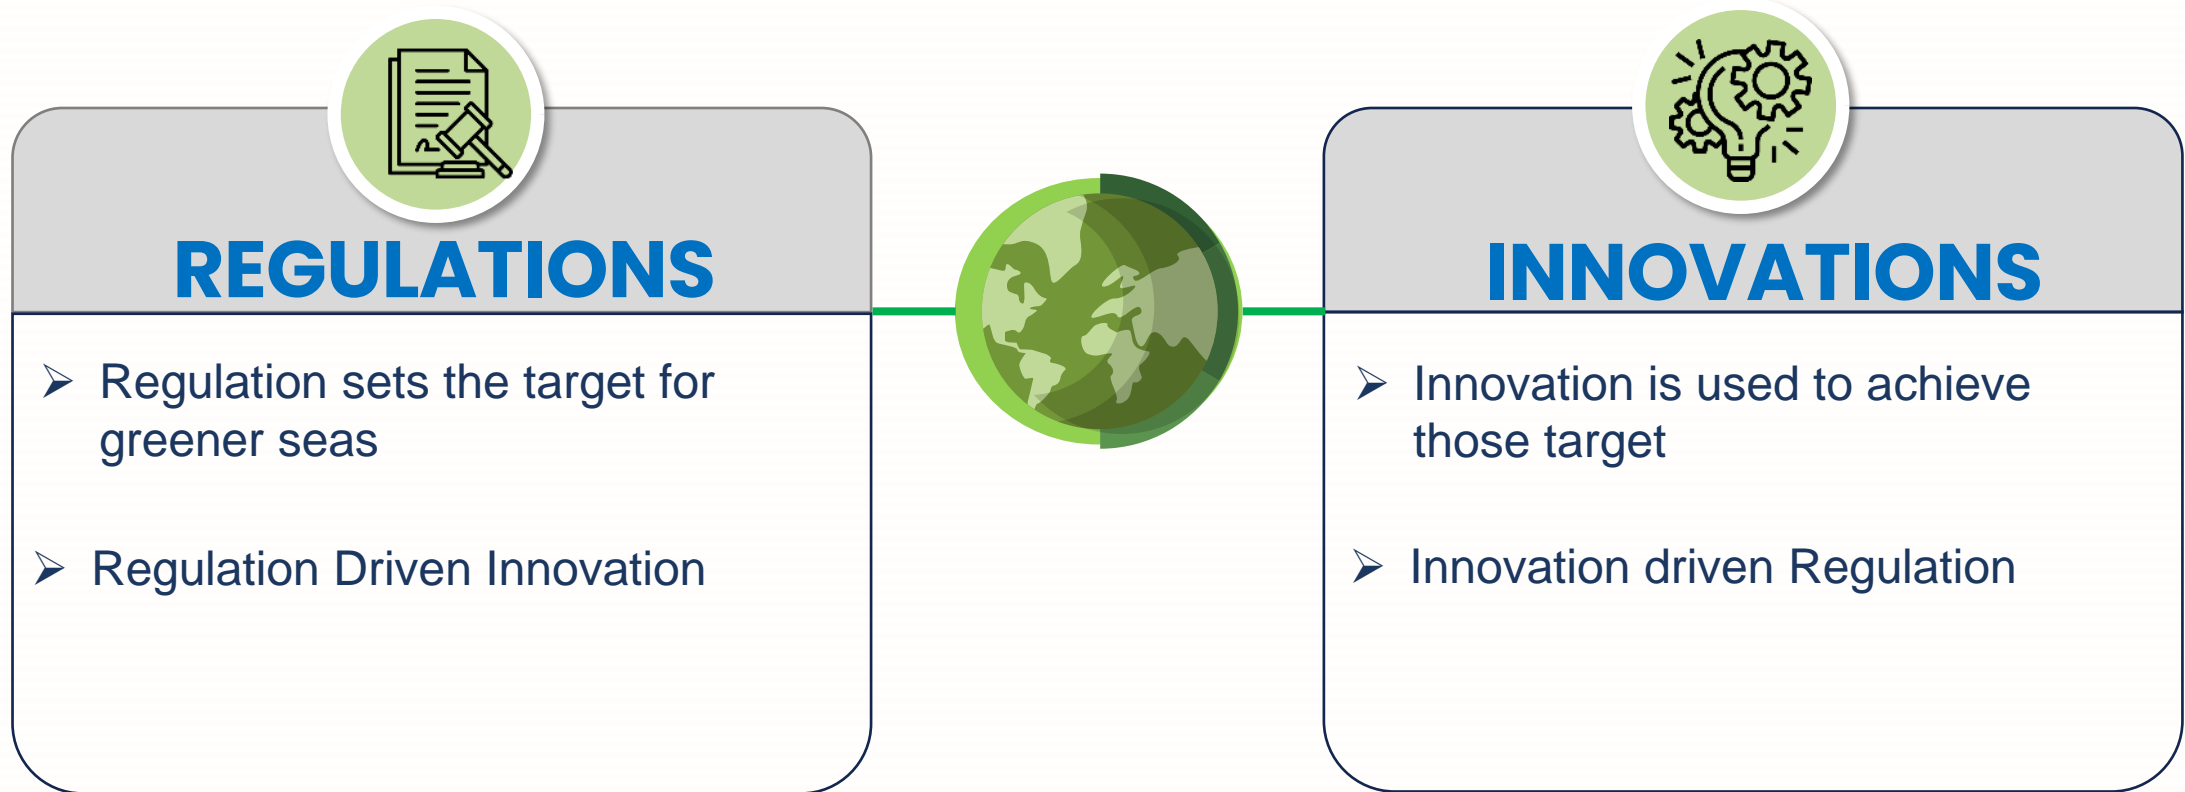

## INNOVATIONS

Technological innovation propels new regulation

- Solution exists for compliance
- Easier process to develop regulatory requirements
- Probability of differing technologies
- Lacunas in compliance

## KEY DRIVERS FOR ENVIRONMENTAL PERFORMANCE

## FACTORS FOR ENVIRONMENTAL PERFORMANCE

First Movers – Support and Encouragement

Innovation not limited to technology- Innovative 'Proactive thinking'

Collaboration and Uniform adoption

Human Factor needs to be synergized

Uniform, consistent and simple regulations, failproof and easy to adopt technology
