MSC.4/Circ.180
1 March 2012

REPORTS ON ACTS OF PIRACY AND ARMED ROBBERY AGAINST SHIPS

Annual Report – 2011

1 In pursuance of the Maritime Safety Committee's instruction to the Secretariat to issue monthly reports of all incidents of piracy¹ and armed robbery against ships² reported to the Organization and, in addition, to issue composite reports accompanied by an analysis, on a regional basis, of the situation and an indication whether the frequency of incidents is increasing or decreasing and advising of any new feature or pattern of significance, the annex hereto provides, in the tabulated format agreed by the Committee, the summary of reports on incidents received between 1 January and 31 December 2011 including a distinction between acts of piracy and acts of armed robbery against ships and attempted attacks (annex 2). Further, and as instructed by the Committee (MSC 75/24, paragraph 18.41), the Secretariat has, since July 2002, started classifying separately any reported incidents of piracy and armed robbery **at sea** (international or territorial waters) vis-à-vis acts of armed robbery allegedly committed in port areas, as well as attempted acts of armed robbery.

¹ "Piracy" is defined in the 1982 United Nations Convention on the Law of the Sea (UNCLOS) (article 101) as follows:

"Piracy consists of any of the following acts:

- (a) any illegal acts of violence or detention, or any act of depredation, committed for private ends by the crew or the passengers of a private ship or a private aircraft, and directed:
 - (i) on the high seas, against another ship or aircraft, or against persons or property on board such ship or aircraft;
 - (ii) against a ship, aircraft, persons or property in a place outside the jurisdiction of any State;
- (b) any act of voluntary participation in the operation of a ship or of an aircraft with knowledge of facts making it a pirate ship or aircraft;
- (c) any act inciting or of intentionally facilitating an act described in subparagraph (a) or (b)."

² "Armed robbery" against ships is defined in the Code of Practice for the Investigation of the Crimes of Piracy and Armed Robbery Against Ships (resolution A.1025(26), annex, paragraph 2.2), as follows:

"Armed robbery against ships means any of the following acts:

- (a) any illegal act of violence or detention or any act of depredation, or threat thereof, other than an act of piracy, committed for private ends and directed against a ship or against persons or property on board such a ship, within a State's internal waters, archipelagic waters and territorial sea;
- (b) any act of inciting or of intentionally facilitating an act described above."

2 At its sixty-sixth session in June 1996, the Committee further instructed the Secretariat to prepare, after March of every year, an annual summary of all acts of piracy and armed robbery against ships, which had occurred during the previous year and had been reported to the Organization, based on their actual date and time of occurrence.

3 Pursuant to this request, the annexes hereto provide information on reports of piracy and armed robbery against ships received by the Secretariat since 1984, when relevant statistics started being compiled and, in particular, those which occurred in the course of 2011 as well as a regional analysis thereof.

4 At its eighty-fifth session in December 2008, the Committee also instructed the Secretariat, *inter alia*, to include in future issues of MSC.4 circulars additional and separate annexes listing incidents occurring in waters off the coast of Somalia.

5 The number of acts of piracy and armed robbery against ships, which were reported to the Organization to have occurred or to have been attempted in 2011, was 544, an increase of 55 (11.3%) over the figure for 2010.

6 From the information referred to above, it emerges that the areas most affected in 2011, as in 2010, were East Africa and the Far East, in particular the South China Sea, followed by the Indian Ocean, West Africa, South America and the Caribbean³. The majority of incidents occurred off East Africa and have increased from 172 in 2010 to 223 in 2011, thus returning to the same level as in 2009 (222 incidents). As a consequence of the deployment of motherships by Somali pirates and the increased range of their operation, the number of incidents occurring in the Arabian Sea increased from 16 in 2010 to 28 in 2011. However, the number of incidents in the Indian Ocean decreased from 77 to 63 in 2011. Despite the high number of Somalia-based piracy attacks, the success rate has been significantly reduced. Somali pirates attacked 172 ships in 2010 and hijacked 50 of them (success ratio: 29%) while in 2011 out of 286 attacks (see annex 5) only 33 resulted in the ship being hijacked (success ratio 11.5%).

7 A significantly high number of attacks again occurred in the South China Sea where 113 reports were made to the Organization compared with the 134 incidents reported for 2010. Incidents reported for the Malacca Strait rose considerably from three incidents reported in 2010 to 22 incidents reported for 2011⁴. The number of reported acts of piracy and armed robbery decreased from 40 to 29 in South America and the Caribbean whereas the number of incidents reported for West Africa increased to 61 incidents reported for 2011, up from 47 reported in 2010. Two incidents were reported in the Mediterranean Sea, and two in the North Atlantic Ocean. More than 60 per cent of the attacks worldwide were reported to have occurred or to have been attempted in international waters, which is largely due to the continuous activity of Somali pirates off the coast of Somalia and in the Indian Ocean and the Arabian Sea. However, for other regions the majority of incidents occurred in the territorial waters of the coastal States concerned while the ships were at anchor or berthed. In many of the reports received, the crews were violently attacked by groups of five to 10 people carrying knives or guns.

³ As reported to MSC 76 (MSC 76/23, paragraph 16.2), the geographically large South American and Caribbean region has been subdivided into three regions: South America (Atlantic), South America (Pacific) and the Caribbean. This change is reflected in all relevant reports issued as of 1 January 2003.

⁴ Incidents occurring in the Strait of Singapore are included.

8 From the same information, it emerges that, during the period under review seven crew members were killed, as compared to 2010, which saw two casualties. About 569 crew members were reportedly taken hostage/kidnapped, as compared to 1,027 in 2010 and no crew members missing. Worldwide, 50 ships were reportedly hijacked, as compared to 57 in 2010.

9 The total number of incidents of piracy and armed robbery against ships, reported to have occurred or to have been attempted from 1984 to the end of December 2011, has risen to 6,260.

10 With regard to acts of piracy and armed robbery against ships reported to the Organization, information on acts of piracy and armed robbery against ships reported to the Organization to have occurred or to have been attempted during 2011 has been circulated by means of monthly reports (MSC.4/Circ.167, MSC.4/Circ.168, MSC.4/Circ.170, MSC.4/Circ.171, MSC.4/Circ.172, MSC.4/Circ.173, MSC.4/Circ.174, MSC.4/Circ.175, MSC.4/Circ.176, MSC.4/Circ.177, MSC.4/Circ.178 and MSC.4/Circ.179).

11 The annexes to this document provide a breakdown of the information referred to above as follows:

- .1 annex 1 provides a list of all acts reported to have occurred or to have been attempted in 2011 in chronological order of occurrence;
- .2 annex 2 provides a regional analysis of acts reported to have been allegedly committed or attempted during 2011;
- .3 annex 3 provides a graphical presentation by area, on an annual basis, of the acts reported to have been allegedly committed or attempted during 2011;
- .4 annex 4 provides a graphical presentation by area, on an annual basis, of reports received between 1984 and 1 January 2012; and
- .5 annex 5 provides a list of all acts reported to have occurred or to have been attempted in waters off the coast of Somalia in 2011 in chronological order of occurrence.
