

MSC.4/Circ.245
30 March 2017

REPORTS ON ACTS OF PIRACY AND ARMED ROBBERY AGAINST SHIPS

Annual Report – 2016

1 In pursuance of the Maritime Safety Committee's instruction to the Secretariat to issue monthly reports of all incidents of piracy¹ and armed robbery against ships² reported to the Organization and, in addition, to issue composite reports accompanied by an analysis, on a regional basis, of the situation and an indication on whether the frequency of incidents is increasing or decreasing and advising on any new feature or pattern of significance, the annex hereto provides, in the tabulated format agreed by the Committee, the summary of reports on incidents received between 1 January and 31 December 2016 including a distinction between acts of piracy and acts of armed robbery against ships and attempted attacks (annex 2). Further, and as instructed by the Committee (MSC 75/24, paragraph 18.41), the Secretariat has, since July 2002, started classifying separately any reported incidents of piracy and armed robbery **at sea** (international or territorial waters) vis-à-vis acts of armed robbery allegedly **committed in port areas**, as well as **attempted** acts of armed robbery.

¹ "Piracy" is defined in the 1982 United Nations Convention on the Law of the Sea (UNCLOS) (article 101) as follows:

"Piracy consists of any of the following acts:

- (a) any illegal acts of violence or detention, or any act of depredation, committed for private ends by the crew or the passengers of a private ship or a private aircraft, and directed:
 - (i) on the high seas, against another ship or aircraft, or against persons or property on board such ship or aircraft;
 - (ii) against a ship, aircraft, persons or property in a place outside the jurisdiction of any State;
- (b) any act of voluntary participation in the operation of a ship or of an aircraft with knowledge of facts making it a pirate ship or aircraft;
- (c) any act inciting or of intentionally facilitating an act described in sub-paragraph (a) or (b)."

² "Armed robbery" against ships is defined in the *Code of Practice for the Investigation of the Crimes of Piracy and Armed Robbery Against Ships* (resolution A.1025(26), annex, paragraph 2.2), as follows:

"Armed robbery against ships means any of the following acts:

- (a) any illegal act of violence or detention or any act of depredation, or threat thereof, other than an act of piracy, committed for private ends and directed against a ship or against persons or property on board such a ship, within a State's internal waters, archipelagic waters and territorial sea;
- (b) any act of inciting or of intentionally facilitating an act described above".

2 At its sixty-sixth session in June 1996, the Committee further instructed the Secretariat to prepare, after March of every year, an annual summary of all acts of piracy and armed robbery against ships, which had occurred during the previous year and had been reported to the Organization, based on their actual date and time of occurrence.

3 Pursuant to this request, the annexes hereto provide information on reports of piracy and armed robbery against ships received by the Secretariat since 1984, when relevant statistics started being compiled and, in particular, those which occurred in the course of 2016 as well as a regional analysis thereof.

4 At its eighty-fifth session in December 2008, the Committee also instructed the Secretariat, *inter alia*, to include in future issues of MSC.4 circulars additional and separate annexes listing incidents occurring in waters off the coast of Somalia.

5 The number of acts of piracy and armed robbery against ships, which were reported to the Organization to have occurred or been attempted in 2016 is 221, a 27% decrease from the 303 reported in 2015.

6 From the data referred to above, it also emerges that the areas most affected by acts and attempted acts of piracy and armed robbery against ships in 2016 were the South China Sea (68 in total), West Africa (62 in total), the Western Indian Ocean (Arabian Sea, East Africa, the Persian Gulf and the wider Indian Ocean) with 35 in total, South America Pacific and the Caribbean* (25 in total), the Straits of Malacca and Singapore (21 in total), Yellow Sea (7 in total), and the North Atlantic and Pacific Ocean (3 in total) with no incidents reported in the Mediterranean Sea in 2016. The number of incidents attributed to Somalia-based pirates (Arabian Sea) has increased to 21 from 15 in 2015. No ships were reported to have been successfully boarded and hijacked by Somalia pirates in 2016.

7 While the total number of incidents was reduced, the number of incidents that took place in the Gulf of Guinea (West Africa) increased. The 62 reports made to the Organization in 2016, represent a 77% increase from the 35 incidents reported in 2015. 33 of the 62 incidents (89%) reported in that region occurred in international waters (attempted and successful); an increase from 10 incidents in 2015. In one case the ship had reportedly been hijacked.

8 The number of reported acts of piracy and armed robbery in the Straits of Malacca and Singapore has fallen by 84% to 21, from 134 incidents reported in 2015. The number of incidents that took place in the South China Sea remains high, with 68 reports made to the Organization in 2016, but is a decrease from the 81 incidents reported in 2015, and includes incidents that have occurred in the waters off the Philippines and Indonesia. Incidents in the area of the Sulu – Celebes Sea (waters between Philippines and Malaysia) have increased from 2 attempted cases to 16 cases involving attempted and successful boarding, hijacking and kidnapping in 2016.

9 The number of reported acts of piracy and armed robbery in the South America Pacific and the Caribbean increased to 25 incidents, compared with 5 reported incidents in 2015. No incidents were reported for the Mediterranean Sea in 2016, while two were reported in 2015. Three incidents occurred in the North Atlantic Ocean.

* As reported to MSC 76 (MSC 76/23, paragraph 16.2), the geographically large South American and Caribbean region has been sub-divided into three regions: South America (Atlantic), South America (Pacific) and the Caribbean. This change is reflected in all relevant reports issued as of 1 January 2003.

10 Incidents occurring in international waters worldwide were reported to have increased from 36 cases in 2015 to 58 cases in 2016, largely due to pirate activity in the Gulf of Guinea region (West Africa) and Sulu – Celebes Sea (South China Sea). Furthermore, in 79 (36%) of the 221 reports received, the crews were violently attacked by groups of one to four people. Those groups also reportedly carried knives or guns in 26 (33%) of those 79 incidents.

11 The data also reveals that during the period about 98 crew members were reportedly taken hostage/kidnapped. This was an increase from 71 crew members reported in 2015. In 35 of the cases reported during 2016, the crew members suffered actual violence. Worldwide, 3 ships were reportedly hijacked, as compared to 5 in 2015.

12 The total number of incidents of piracy and armed robbery against ships reported to the Organization as having occurred or having been attempted from 1984 to the end of December 2016 has risen to 7,567.

13 Information on actual or attempted acts of piracy and armed robbery against ships reported to the Organization, during 2016 have been circulated by means of monthly reports (MSC.4/Circ.233, MSC.4/Circ.234, MSC.4/Circ.235, MSC.4/Circ.236, MSC.4/Circ.237, MSC.4/Circ.238, MSC.4/Circ.239, MSC.4/Circ.240, MSC.4/Circ.241, MSC.4/Circ.242, MSC.4/Circ.243 and MSC.4/Circ.244).

14 The annexes to this document provide a breakdown of the information referred to above as follows:

- .1 annex 1 provides a list of all acts reported to have occurred or to have been attempted in 2016 in chronological order of occurrence;
- .2 annex 2 provides a regional analysis of acts reported to have been allegedly committed or attempted during 2016;
- .3 annex 3 provides a graphical presentation by area, on an annual basis, of the acts reported to have been allegedly committed or attempted during 2016;
- .4 annex 4 provides a graphical presentation by area, on an annual basis, of reports received between 1984 and 31 December 2016; and
- .5 annex 5 provides a list of all acts reported to have occurred or to have been attempted in waters off the coast of Somalia in 2016 in chronological order of occurrence.
