

THE IMO BOOKSHELF

The IMO Bookshelf is IMO Publishing's new e-reader software. E-reader files are available for all major titles in English. They are replicas of the printed title and can be viewed instantly after purchasing a licence code and downloading the software. The IMO Bookshelf enables you to view all your e-reader purchases in one place and search them simultaneously.

E-reader files are presented in EBK format and include the following key features:

- Installation available without internet access
- Multiple advanced search facilities
- Add your own bookmarks
- Add your own annotations
- Resize text
- Printing
- Copy and paste

The software is available in two ways:

1 Free download

from IMO Publishing's website (www.imo.org/publications/pages/bookshelf.aspx). This is the e-reader software only without any of the titles added. Purchased digital titles must also be downloaded and unlocked before they can be viewed.

2 Free CD

which contains the e-reader software and all major e-reader titles available to search and ready for unlocking. Please request a CD from your local distributor or by e-mailing sales@imo.org

Each e-reader title requires activation and is locked to one computer. All unlocking codes can be purchased from your local distributor. Please visit www.imo.org/publications/distributors

IMO requirements on carriage of publications on board ships states that "The publications may be carried in the form of electronic media such as CD-ROM in lieu of hard copies. Acceptable publications in electronic form should be those issued by IMO or an Administration or a body authorized by an Administration to ensure correctness of their contents and to safeguard against illegal copying."
