Subject: **Further extension of validity of STCW certificates of Filipino seafarers currently onboard seagoing ships amid challenges caused by COVID-19**

Your Excellency:

The Maritime Industry Authority (MARINA) of the Republic of the Philippines has issued the attached **MARINA Advisory No. 2020-23** with subject "Further extension of validity of STCW certificates of Filipino seafarers currently onboard seagoing ships amid challenges caused by COVID-19".

Under the said Advisory, the validity of the STCW certificates issued to Filipino seafarers that expired or may expire during the period 13 March to 31 May 2020 shall be extended for six (6) months from the date of expiry. This is one of the measures taken by MARINA to cope with the travel restrictions worldwide where many countries are continuously prohibiting the transfer and transit of seafarers for purposes of disembarkation, embarkation and crew change to prevent the spread of the COVID-19 within their respective jurisdiction. Furthermore, this is also in accordance with the extension of the Enhanced Community Quarantine in the country to 30 April 2020.

In this regard and in reference to IMO Circular Letter No. 4204/Add.5, this Maritime Administration respectfully requests His Excellency's kind assistance to circulate this Advisory to the IMO Member States, Port State Control authorities and other parties concerned.

Accept, Your Excellency, our assurance that the Republic of the Philippines through the MARINA is with you and the IMO in "our voyage together" in these unusual times.

Very truly yours,
